The screenshot displays the 'Add new wholesale product' form in the Active Ecommerce admin panel. The left sidebar shows the 'Wholesale Products' menu item highlighted. The main form is divided into several sections:

- Product Information:** Includes fields for Product Name, Brand (a dropdown menu), Unit (e.g., KG, Pc etc), Minimum Purchase Qty (set to 1), Tags (with a search hint), Barcode, and a Refundable toggle switch.
- Product category:** A list of categories with checkboxes, including Computer & Accessories, Automobile & Motorcycle, Kids & toy, Sports & outdoor, Jewelry & Watches, Cellphones & Tabs, Beauty, Health & Hair, Home Improvement & Tools, Home decoration & Appliance, and Toy.
- Shipping Configuration:** Includes toggles for Free Shipping (checked), Flat Rate, and Is Product Quantity Multiply.
- Low Stock Quantity Warning:** A field for setting the quantity warning, currently set to 1.
- Product Images:** Includes sections for Gallery Images (800x600) and Thumbnail Image (300x300), each with 'Browse' and 'Choose file' buttons.

4. How to set quantity-wise prices?

Answer:

- **Log in** to the admin panel.
 - Go to the **Wholesale products > Add New Wholesale Product**
 - Now, go to the **Product Price & Stock** section.
 - Insert the unit price, minimum quantity, maximum quantity and price according to a chart.
- If you overwrite quantities one with another the system may miscalculate. And set stock quantity as the maximum quantity for one row of pricing.
